

Dear families and partners,

Our association succeeds in financing the chosen initiatives and projects thanks not only to the donations of people, firms, and grants, but also thanks to the small voluntary contributions that every family can send in the form of an annual membership fee. For 2013 the annual membership fee is 25,00 Euro per person; every family can decide whether to enroll as one or more members. This fee is strictly voluntary and lack of payment does not exclude you from our activities. But it is very important and appreciated.

The combined membership of the associations Ring14 Italia and Ring 14 USA currently include about 300 people among families and associates. If each family pays a minimum share of 52500, we could obtain an income of 7.000 €.

As of today, at the end of this year, Ring14 Italy has collected 650,00€ of shares: we are still far from our goal.

We know that many families have to bear m costs to maintain their sick children, but it is now clear to everybody how our associations are strongly engaged in order to push the researchers to go on in their studies of these diseases and find suitable treatments and to promote so many valuable scientific projects. All this is financed thanks only to our work and commitment.

Please help us in this venture with a small yearly membership fee? Don't you think that we as parents and families have to believe and invest in these associations and acknowledge the eminent task they have taken over? Who else could do that?

For your payment you can use following channels:

#### **RING 14 ITALY**

- 1) Online and at the your bank's counter WITHOUT ANY COMMISSION in favour of:
